Re: Salmonella alert in U.S. peanut butter

Dear Valued Customer,

Following the press releases by the FDA and CDC over the weekend, Golden Boy Foods wishes to reiterate that none of its products are affected by this recall.

The recall relates to peanut butters manufactured by Peanut Corporation of America, and peanut butters distributed by King Nut Co. In addition, advisory statements have been issued, suggesting that consumers avoid peanut butter-containing products, such as various confectionaries and snack foods. *Retail and bulk peanut butters are exempt from this recall.* Golden Boy Foods does not source any ingredients from the two companies affected.

As ever, we will continue to monitor this situation, and continue to make every effort to ensure the high standards and safety of our products.

Sincerely,

Ken Hall  
Director of Technical Services
